

Monday 16/11/2019

09:30 - 13h30	Workshop 1 – Marine Photosynthetic Pigments
09:30 - 13h30	Workshop 2 – Bioactive lipids produced by marine organisms with pharmaceutical and industrial applications
14:30 - 18h30	Workshop 3 – Marine Lipidomics

Tuesday 17/11/2019

08:30 - 09:00	Registration	
08:55 - 09:00	Housekeeping information	
09:00 - 09:30	Welcome talk - Heads of host organisations	
Session 1 - Marine Lipidomics and its Applications		
09:30 - 10:10	Plenary session	Professor Isabel Medina, CSIC, Spain
10:20 - 10:30	Oral communications	1 Short communication of 20 minutes
10:30 - 10:50	Break	Coffee break
10:50 - 12:30	Oral communications	5 Short communications of 20 minutes
12:30 - 14:20	Break	Lunch
Session 2 - Lipids in Changing Ocean and Climate Changes		
14:20 - 15:00	Plenary session	Professor David Pond, University of Stirling, Scotland
15:00 - 15:40	Oral communications	2 Short communications of 20 minutes
15:40 - 16:10	Break	Coffee break- Poster Session
16:10- 17:50	Oral communications	5 Short communications of 20 minutes
17:50-18:20	Oral communications	Pitch sessions

Wednesday 18/11/2019

08:55 - 09:00	Housekeeping information	
Session 3 - Lipids as biomarkers in Trophic Sea Webs		
09:00 - 9:40	Plenary session	Dr. Jorge Spangenberg, UNIL, Switzerland
09:40 - 10:20	Oral communications	2 Short communications of 20 minutes
10:20 - 10:40	Break	Coffee break- Poster Session
10:40 - 12:20	Oral communications	5 Short communications of 20 minutes
12:20-12:50	Oral communications	Pitch sessions
12:50 - 14:20	Break	Lunch
Session 4 - Green lipids from the ocean (seaweeds, microalgae, and macrophytes)		
14:20 - 15:00	Plenary session	Professor John Harwood, Cardiff University, United Kingdom
15:00 - 16:00	Oral communications	3 Short communications of 20 minutes
16:00 - 16:30	Break	Coffee break- Poster Session
16:30 - 17:50	Oral communications	5 Short Communications of 20 minutes
19:00 - 21:30	Break	Conference dinner

Thursday 19/11/2019

08:55 - 09:00	Housekeeping information	
Session 5 - Marine lipids biotechnology: prospects and applications		
09:00 - 9:40	Plenary session	Invited speaker
09:40 - 10:20	Oral communications	2 Short communications of 20 minutes
10:20 - 10:40	Break	Coffee break- Poster Session
10:40 - 12:20	Oral communications	5 Short communications of 20 minutes
12:20-12:50	Oral communications	Pitch sessions
12:50 - 14:20	Break	Lunch
Session 6 - Seafood traceability using lipids		
14:20 - 15:00	Plenary session	Professor Marleen de Troch, Ghent University, Belgium
15:00 - 16:20	Oral communications	4 Short communications of 20 minutes
16:20 - 16:50	Break	Coffee break- Poster session
16:50 - 17:30	Oral communications	2 Short communications of 20 minutes
17:30 - 18:15	Discussion around: Lipids in the Ocean third edition Conference conclusion and awards
